*Eight stars on blue  
Alaska's flag makes you think of  
The blue ocean, the night's sky,  
The mountains' lakes, and the flowers.  
The gold they used to always dream about,  
The rare gold from the land,  
The bright stars located up there  
The Bear, The Dipper, they are shining.  
The big star that never changes  
the land and sea it shines upon.  
Alaska's flag that we love.  
The simple flag from Alaska!*

Sung to the Alaska State Anthem tune of "Alaska's Flag," as translated by April Laktonen Counciller, Florence Pestrikoff, Nick Alokli, and Susan Malutin.
